 - a. AB 2288 – pertains to supporting an increase of allowable simulation hours to meet clinical objectives due to current restrictions / limitations of clinical sites for nursing education due to COVID-19.
This bill has passed the Senate and is sitting on the Governor’s desk waiting for his signature as final approval.

 - b. Donna Schutte (BRN) – reported on AB2288 stating that it does include the 50% indirect patient care clinical experiences for Geriatrics / MedSurg but also 25% for OB/Peds /Psych through June 2021. As stated in the Bill, up to 25% of direct patient care can be in telehealth. The Bill is currently on the Governor’s desk for review and signature. Loretta Melby, EO, will notify Deans/Directors when information is received. Update on outdated forms: Meeting attendees were asked about current requirements at their facilities so forms could be updated

Health Requirement forms:

- *Change to PPD – Keep 2 Step TB test that could be followed by an annual negative QuantiFERON test.
- *MMR, Varicella, Td, Hep B – all updated information on forms
- *Annual Health Examination changed to initial Health Exam, but not annual unless an interruption in continuous enrollment
- *Flu Vaccine form needs to be updated still regarding any “refusals” for vaccination

Faculty Requirements: will discuss further at next meeting-

- *How often are Background check, Drug Screen and Insurance verified for faculty?
- *Does the clinical site need faculty qualifications, proof of license, BRN approval & specialty certification. Are faculty required to have specialty certifications for clinical areas? (ACLS, PALS, NALS....)

Clinical Profile Revisions: updates from other documents will be included in this form.

It was agreed that the form with student names does not need to include the SS# / DOB. ARMC stated that students no longer have computer access but it is required to give faculty access. RCH stated that they only need DOB for computer access.

V. NEW BUSINESS – COVID-19 (Coronavirus) Updates

a. COVID-19 Exposure Policy/Protocol – PPE Requirements:

*Corona reported that PPE is to be supplied by the schools. Masks need to be Level 2 surgical mask / shield. Students are not allowed in the ER / ICU

*CSUSB give students 2 masks for the semester and instruct students to maintain in paper gab

*West Coast University are giving students 4- N95 masks initially but depends on what clinical site requires.

*Loma Linda reported that the campus is closed to all students except those enrolled at Loma Linda. University Health Services is tracking all students for exposure / post exposure

*Mary Dickow – Health Impact gave feedback on the updating of forms. She applauded the promotion of the consortium and the importance of more broad sharing of information, looking at best practices across the 14 regions of California. She reported that everyone is doing something a little different which is why the sharing of information is so helpful

b. Release of Liability: who is requiring this for students?
CSUSB / CSUF / CSUSM / RCC – all require students to sign a release of liability for clinical

c. COVID-19 Test Result Requirements (PCR swab, antibody, when to re-test if necessary, etc.)
West Coast University and Corona are requiring a PCR test
Variable options being used for those students who are required to self isolate and miss clinical due to exposure

d. COVID-19 Attestation & Certification (education on monitoring of symptoms, infection prevention and control, hand hygiene, donning and doffing of PPE, etc.)
Pomona Valley / RCC each require an attestation form from students / faculty for clinical

Most hospitals are requiring COVID specific training for all faculty / students prior to attending clinical.

VI. ROUNDTABLE UPDATES FROM IEHEC MEMBERS & ATTENDEES

RCC – Dr. Sandy Baker has retired and Dr. Tammy Vanthul has been appointed as the new Dean for the SON.

LLU – Dr. Brandi Richards is the new Dean of the SON. New graduate nurse programs are continuing but there are challenges associated with the hospital census.

CBU – Dr. Deanna Jung is the new Undergraduate Dept. Chair and Dr. Juliann Perdue is the new Associate Dean for CBU College of Nursing.

CSUF – Kate Bayham is the new pre-licensure coordinator

RCH – New graduate nurse program has restarted

Corona – Dr. Tracy Kasten has moved on and Lilia Preston has stepped in as Interim Director of Education. Corona is looking to partner with a school for CNA education and provide clinical sites

ROP – CNA program starting Sept 29th and another in February using a hybrid model

BRN – Loretta Melby sent a letter to all of the directors about the California State Auditors (CSA) Office required updates on clinical placements that is due by Dec 11th 2020. All clinical facilities will be getting these new forms that will require the census of clinical units be listed.
